\*Disclaimer: Fees provided are only for the first structure (under 20,000 square feet) or elevation certificate ordered on each property. Properties requiring more than one elevation certificate (multiple structures) will be invoiced at \$250.00 per additional building (under 20,000 square feet). All fees provided are a not to exceed fee for a single stand alone elevation certificate, FEMA Form 1660-0008 and delivered electronically. Structures over 20,000 square feet will be quoted within 48 hrs and based on the size and complexity of the structure. The above national pricing is specifically for MARSH clients and the clients of MARSH subsidiaries and affiliates. Neither MARSH nor its subsidiaries and affiliates shall be responsible for the performance of FES in providing its services, or FES actions, errors or omissions.

## Flood Elevation Services: The Leading *National Source* of Elevation Certificates

FES services coast to coast, including Hawaii, Alaska, and Puerto Rico. We are able to complete an Elevation Certificate on **any** structure. With our *compliance assurance program* FES streamlines the process to secure an Elevation Certificate. *Let us work with you, so you may do your best work.*

### Compliance Assurance Program First Class Service

#### Quote Presented

Property information (address) provided to FES including number of structures required.

#### Quote Accepted

Assigned Project Manager coordinates the field work with FES surveyor and confirms with client and access contact.

#### Field Work

FES surveyor completed the field work including all necessary measurements, (equipment/lowest and highest adjacent grades, etc.) photographs, and other data.

#### Research

Technician obtains data from FEMA and county assessor to complete the Elevation Certificate in accordance with FEMA's requirements.

#### Quality Assurance Review

Review of the data gathered to ensure that items are correct. Special attention is given to items that affect policy rating such as building diagram designations, sq ft of any enclosures, lowest equipment, and photograph requirements.

#### Electronic Delivery

Elevation Certificate is delivered to client and cc'd to any requested parties. Example: Agent/Broker /Flood Dept
